Dear Joint Committee on Student Success,

I have 29 third grade students, most with significant learning delays, mental illness, or severe trauma...some with all three and then some. I urge you to look at the heart of these teachers in Oregon and trust us when we say, "Our students deserve more. Our students deserve better."

Smaller class sizes will change the lives of my students and thousands of others around the state. Please fund Oregon's future...today!

Regards,
