Subject: SUPPORT for HB 3427

Dear Joint Committee on Student Success,

Please vote Yes for The Student Success Act, HB 3427.

We moved to Oregon with the assumption that the public schools would be good and were shocked when we saw the statistics and where Oregon ranks compared with other states on education.

My priorities when it comes to government spending are education, health care, safety and the environment. Everything else takes a back seat. I would love to see a budget that reflects the things that are most important to me. I think spending on education has been put off and whittled away for far too long. I want a significant, permanent increase in the amount spent on our schools in Oregon.

Regards,
