Subject: Vote No HB 3427
Date: Friday, April 19, 2019 2:43:45 PM

Enough on taxes! That is all you legislators have done in the past three months is try to figure out how to raise taxes on fuel to use for income equality, give your self s raise in the name of DIVERSITY and Gun control and now more taxes on small business and farms.
Don't forget. Food is the number 1 humans need.
