Dear Joint Committee on Student Success Members:

Please support H.B. 3427 to invest in our schools and our students. We need full funding for Measure 98, and H.B. 3427 delivers it. Voters passed Measure 98 to give our kids opportunities that have been missing from Oregon's schools for far too long.

We're already seeing its impact with new CTE classes, college credit and dropout prevention programs. H.B. 3427 will make sure we can build on this progress.

Thank you,
Theresa Evans
