(Marxism/Socialism Expose)

By Maimy Martinez

November 6th, 2018 was the day in which America would decide its destiny. Was the day when this country, could be immersed into a false ideology. We all have been fortunate to enjoy the jewel of Freedom therefore; we all shall know the reality which is trying to set in this nation, for many could be extraneous not for others. It is neither the mockery of collusion, obstruction of justice nor the violation of campaign laws, hush money nor any other amassed lie. It is converting this Land from Freedom to oppression, named **Socialism**; Democratic Party is preaching transforming us to the Socialism. The Democratic Party is becoming Socialist. This new face professes "cultural Marxism", a leftist idea of liberals.

This new masquerade is promoting a citizenry elaborated by Liberals to embrace the old Marxist ideology trying to sell equality, progress, and redistribution of wealth among others, with lies and hypocrisy. Sadly many avoid recognize it but are willing to try it; thinking, if the aftermath is found not comfortable it can be rejected. What a horrendous error. When this ideology grabs a nation, is catastrophic. An absolute and total control is forced in everything from public to private in a magisterial and a slow process, with deadly consequences if negated. An extreme and well organizes "New Class" elite, with an obsession for power would be setting it up for enforcement. Cementing their ideology; disarm the population is essential, which is the reason to introduce a tonnage of gun control bills. All radical regimes favor 'Gun Control' otherwise, the takeover would be unattainable or very difficult to achieve.

Presently we have in America an identified New Class well finance by a group of millionaires controlling the social media, trying to convert this country into ugly Socialism coated as Liberalisms, Progressives, Pacifisms or any other palatable name. This is just another histrionic distraction to hide the assault and massacred Freedom. As you can see the seed of SOCIALISM, is sprouting and fast. There is not a better time than the present to stop Socialism. The quote below from years back; is an extraordinary warning. You must react. The seed of **Socialism** is already in, with a magisterial fanfare however, only you can stop their advance. Time is flying; any delay would make **Freedom** a mirage. Don't let it slip away.

Quote: *"American people will never knowingly adopt socialism. But under the name of "liberalism", they will adopt every fragment of the socialist program, until one day America will be a socialist nation, without knowing how is happened". "I no longer need to run as a Presidential Candidate for the Socialist Party. The Democratic Party has adopted our platform"* **Norman Mattoon Thomas, Socialist Party candidate for President of USA, speech in 1944.** Extraordinary prediction from seventy years back!
