Dear Representative Alonso- Leon,

I live in Woodburn OR at 1231 Stanfield Rd.

I am writing to ask you to support this bill which would allow me to access the information on my prescriptions. I live alone and must rely on

others to tell me what dates to renew and what amounts etc.

As a well trained blind person, I gave a system of rubber bands and dots for marking pill bottles, but just what and how many times to take it.

As I get older, my medication needs get more complex and I am afraid I will make a mistake. At times this provokes anxiety. It would be so

wonderful to be able to scan my bottles with my iPhone and know for sure all the info. Such as expiration date and which dr etc.

Thank you for your efforts on our behalf.
