Subject: Please pass HB2914

Dear Senators,

We are asking you to please support the passage of HB2914. We are homeowners in Subarea A, that was brought into the UBG by the passage of HB4078 (The Grand Bargain). Because of the wording in HB4078, we are at risk of having our property zoning changed to industrial zoning which for a number of reasons would be very detrimental to homeowners in our neighborhood. Passing HB2914 would free up the city of Hillsboro to zone our neighborhood something other than industrial. Thank you for your support with passage of this bill.

Sincerely,

Paula & Jeff Koosman
