**Re: [SB 64 A]:** Intent and clarification is needed.

I have been watching the numerous and onerous Bills concerning the Economic Development of Eastern Oregon.

The Economic Development of Eastern Oregon is fraught with calamities associated with Oregon's recognizing "Licensures" to entice "out-of-state" Licensed professionals to relocate to Eastern Oregon Border Economic Development Region.

A discussion concerning [HB 2454]'s influence on [SB 64 A] is prudent to refine "definitions" and "Licensure acceptance-conditions and responsibilities."

By the way, [HB 2454] places unnecessary and avoidable burdens on *all* Oregon Nurses and Nursing students.

*Respectfully submitted,*
