

This bill promotes discrimination. Candidates should be elected based upon their qualifications and ability to effectively do the job. Providing a listing of what class a person is a member of flies in the face of equal treatment of people REGARDLESS of race, religion, sexual preferences, etc., etc. If you believe in equal treatment of all people, you will not support a bill such as this which encourages people to vote either for or against a person because of the status they record on the voter document.
