Liquor License Fee Increase for Revenue Generation

OLCC PRESENTATION TO JOINT SUBCOMMITTEE ON
TRANSPORTATION AND ECONOMIC DEVELOPMENT

STEVEN MARKS, EXECUTIVE DIRECTOR
BILL SCHUETTE, CHIEF FINANCIAL OFFICER
MAY 9, 2019

Licensees

Total Active Oregon Liquor Licenses

License Fees Amongst Lowest in Nation

Licensing fees for stores, bars, breweries and wineries have been unchanged since 1949 and do not reflect the cost of administering the alcohol licenses they were intended to regulate. New license types mirrored existing fee schedule.

Oregon's alcohol fees are amongst the lowest in the nation

Raises \$9.2 million for 2019-21

Revenue will be applied to agency operations supporting alcohol licensees, compliance, and offset the use of other liquor funds that can be distributed to the state, cities and counties

- Upgrades in infrastructure and information technology
- Licensee education
- Increased minor decoy operations

Oregon Ranks Nationally Near the Bottom in Alcohol License Fees

Fee change would bring Oregon closer in-line to national averages

	Winery	On Premises	Brew Pub
US Average	\$ 936	\$ 1,435	\$ 936
Oregon fee	\$250	\$400	\$250
Oregon rank	42	36	44

Why Now? Revenue Supports Alcohol Public Safety Program Goals

Need to create online licensing systems

Opportunity to go to two-year licensing

Pay for increased minor decoy checks for a growing number of licenses

Increase licensee visits and oversight of service permittees

Stakeholder support
