

**SUBCOMMITTEE RECOMMENDATION**

**HB 2080**

**Marine Board - fee bill**

---

HB 2080 raises biennial boat registration fees, title fees, boater education card fees, and repeals the requirement for an Oregon registered motorboat to carry an aquatic invasive species permit. The \$5 aquatic invasive species permit will be included with the boat registration fees and then transferred to the Aquatic Invasive Species Account.

The biennial boat registration fee is increased from \$4.50 a foot length to \$5.95 a foot length, which is a 32% increase. The title fee is increased 50% from \$50 to \$75, and the fee for a boater education card is increased 100% from a maximum of \$10 to a maximum of \$20. The fee increases are projected to raise \$3.2 million per biennium and will fund law enforcement grants, facility grants, and current operations.

The Natural Resources Subcommittee recommends HB 2080 be reported out do pass.
