Subject: In support of HB2916

Hello,

I am writing to support HB2916. I support the creation of tiny home communities and other villages to support people experiencing homelessness. In addition to creating a supportive space for houseless folks, it also decreases pollution by providing sanitary and waste services. This improves the relationship between people experiencing homelessness and housed neighborhood residents, and is good for the environment. Our communities need to accept villages as a tool for lifting up our neighborhoods.

Sincerely,

Emma Prichard
