501-16-1 Intermediate Secure Treatment Programs for Minors. Definition. Intermediate Secure Treatment Program means a 24- hour group living environment for four or more individuals unrelated to the owner or provider, in a facility designed to physically restrict a person's ability to leave the program at their own free will.		X				
501-16-2 Intermediate Secure Treatment Programs for Minors. Purpose. The program offers room and board and provides for or arranges for the provision of specialized treatment, rehabilitation or habilitation services. In intermediate secure treatment, each is assisted in acquiring the social and behavioral skills necessary for living in the community.		X				
501-16-3 Intermediate Secure Treatment Programs for Minors. Administration.						
A. Records of enrollment of all registered consumers shall be on-site at all times.		Х				
B. The program shall document operational costs and revenue according to common and accepted accounting principles.		X				
C. The program shall have fire, liability, and vehicle insurance.		Х				
D. The program shall have copies of any contracts or agreements with other service agencies or individuals providing services to the consumers of the program.		X				
E. The program shall not handle the major personal business affairs of a consumer, without request in writing by the consumer and legal representative.		X				
F. Providers receiving consumers into the program from outside the boundaries of the State of Utah shall initiate the Interstate Compact prior to the placement.		X				
501-16-4 Intermediate Secure Treatment Programs for Minors. Staffing.						
A. The program shall have an employed manager who is responsible for the day-to-day resident supervision and operation of the facility. The manager shall be at least 25 years of age, have a BA or BS degree or equivalent training in a human services related field; and have at least 3 years management experience in a secure treatment setting. The responsibilities of the manager shall be clearly defined. Whenever the manager is absent, there shall be a trained qualified substitute to assume managerial responsibility.		×				
B. The program shall have all direct care staff maintain first aid and CPR certification.		Х				

	-			
C. Programs that utilize students and volunteers, who work with consumers, shall provide them with necessary training and evaluation. Those who work with consumers shall be informed verbally and in writing of program objectives and scope of service.		X		
D. Programs shall comply with R501-14 and R501-18, BCI/MIS clearance requirements.		Х		
 E. Professional staff shall include the following who have received training in the specific area of care: 1. a licensed physician, or consulting licensed physician, 2. a licensed psychologist, or consulting licensed psychologist, 3. a licensed mental health therapist, and a. programs with an enrollment of 20 to 39 consumers shall employ one or more licensed professional therapists to provide a minimum of 20 hours service per week, b. programs with an enrollment of 40 to 59 consumers shall employ one or more licensed professional therapists to provide a minimum of 30 hours service per week, and c. programs with an enrollment of 60 or more consumers shall employ one or more licensed professional therapists to provide a minimum of 40 hours service per week, 4. a licensed registered nurse, or a consulting licensed registered nurse, a. programs with an enrollment of 20 to 39 consumers shall employ one or more registered nurses to provide a minimum of 40 hours service per week, b. programs with an enrollment of 20 to 39 consumers shall employ one or more registered nurses to provide a minimum of 30 hours service per week, d. programs with an enrollment of 20 to 39 consumers shall employ one or more registered nurses to provide a minimum of 20 hours service per week, b. programs with an enrollment of 40 to 59 consumers shall employ one or more registered nurses to provide a minimum of 30 hours service per week, and c. programs with an enrollment of 60 or more consumers shall employ one or more registered nurses to provide a minimum of 30 hours service per week, and c. programs with an enrollment of 60 or more consumers shall employ one or more registered nurses to provide a minimum of 30 hours service per week, and 		×		
F. Unlicensed staff who are trained to work with youth who are chemically dependant or emotionally disturbed or behaviorally disturbed or conduct disordered, shall work under the supervision of a licensed clinical professional.		Х		
G. The Program shall maintain a minimum staff ratio of one staff to every five consumers, but shall never have less than two staff on duty at any time. During night time sleeping hours the required minimum of two staff shall be maintained for programs up to twenty-five consumers; three staff for up to fifty consumers; four staff for up to seventy-five consumers; five staff for up to one hundred consumers; and six staff for over one hundred consumers.		×		
H. A program with a mixed gender population shall have at least one male and one female staff on duty at all times.		Х		
 Unlicensed Direct Care Staff Training: Staff shall receive 20 hours of pre-service training and orientation before being responsible for the care of consumers that shall include at a minimum, the following topics: crisis intervention, program policies and procedures, rights and responsibilities of consumers and grievance procedures, passive restraint and security procedures, and fire emergency procedures. Staff shall receive 30 hours of additional training annually that shall include at a minimum, the following topics:		×		
licensed clinical professional. 501-16-6 Intermediate Secure Treatment Programs for				
Minors. Physical Environment.				

 A. The program shall provide documentation of compliance with: 1. local zoning ordinances, 2. local business licenses requirements 	X			
 local business license requirements, local building codes, specific to an intermediate secure facility, 				
 4. local fire safety regulations as required for an intermediate secure facility, 5. local and state health codes,

501-16-1 Intermediate Secure Treatment Programs for Minors. Definition. Intermediate Secure Treatment Program means a 24- hour group living environment for four or more individuals unrelated to the owner or provider, in a facility designed to physically restrict a person's ability to leave the program at their own free will.		X				
501-16-2 Intermediate Secure Treatment Programs for Minors. Purpose. The program offers room and board and provides for or arranges for the provision of specialized treatment, rehabilitation or habilitation services. In intermediate secure treatment, each is assisted in acquiring the social and behavioral skills necessary for living in the community.		×				
501-16-3 Intermediate Secure Treatment Programs for Minors. Administration.						
C. The program shall have fire, liability, and vehicle insurance.		Х				
D. The program shall have copies of any contracts or agreements with other service agencies or individuals providing services to the consumers of the program.		X				
B. The program shall document operational costs and revenue according to common and accepted accounting principles.		Х				
A. Records of enrollment of all registered consumers shall be on-site at all times.		Х				
E. The program shall not handle the major personal business affairs of a consumer, without request in writing by the consumer and legal representative.		Х				
F. Providers receiving consumers into the program from outside the boundaries of the State of Utah shall initiate the Interstate Compact prior to the placement.		X				
501-16-4 Intermediate Secure Treatment Programs for Minors. Staffing.						
B. The program shall have all direct care staff maintain first aid and CPR certification.		Х				
A. The program shall have an employed manager who is responsible for the day-to-day resident supervision and operation of the facility. The manager shall be at least 25 years of age, have a BA or BS degree or equivalent training in a human services related field; and have at least 3 years management experience in a secure treatment setting. The responsibilities of the manager shall be clearly defined. Whenever the manager is absent, there shall be a trained qualified substitute to assume managerial responsibility.		×				

	 _	 		
C. Programs that utilize students and volunteers, who work with consumers, shall provide them with necessary training and evaluation. Those who work with consumers shall be informed verbally and in writing of program objectives and scope of service.	Х			
 I. Unlicensed Direct Care Staff Training: 1.
