

SB 739 1 (1)

Who should also be involved beside the faculty of the university and high school teachers? Will the need for resources be identified, such as councilors and social workers? Will each teaching/community environment be evaluated. And will local administrators and boards participate? Will this program comply to ORS 192.245?

Recommendation review DVD on Roosevelt HS and South Lake church. The school had the best improvement in graduation rates in the state. No public funds were required. The DVD was previously provided as testimony.

HB 3414

Section 1 (1) Definition for early learning professionals. Does it include teacher assistants, and does it provide a career path and salary consideration. Will the equivalent of student teaching or internship be provided? Will they provide services similar to social workers or councilors? Are volunteers impacted.

Will this program also comply with ORS 192.245?

Respectfully, Tim Cowan
