BACKGROUND:

In 2003, the Legislative Assembly (HB 2267) decided to designate the Oregon Tourism Commission a stand-alone agency. The same legislative action established a statewide one percent transient lodging tax to help fund the tourism commission. Under the 2003 law the Legislature defined transient lodging in ORS 320 as "hotel, motel and inn dwelling units that are designed for temporary overnight human occupancy, and [which] includes spaces designed for parking recreational vehicles during periods of human occupancy of those vehicles." The law requires the Oregon Tourism Commission to spend at least 80 percent of lodging tax net receipts on state tourism marketing programs and up to 15 percent of net receipts on regional tourism marketing programs. The same bill restricted any local TLT taxes (after 2003) to be spent 70% on tourism and 30% to general uses. The 2005 Legislative Assembly (HB 2197) expanded the definition of transient lodging to include dwelling units used for temporary human occupancy. Temporary is defined as fewer than 30 days at a time. Most recently, the 2013 Legislative Assembly (HB 2656) clarified circumstances under which a transient lodging intermediary rather than a lodging provider would be the entity responsible for collecting and remitting transient lodging taxes. A transient lodging intermediary is defined as "a person other than a transient lodging provider that facilitates the retail sale of transient lodging and charges for occupancy of the transient lodging."
