

---

Good morning Chair Burdick and committee,

My name is Marfa Sharabarin,

I am a disabled citizen and I do not own a printer or computer, anything to keep up to date is all done off my phone.

SB761 would hinder my allowance to participate in my political views. This is discrimination against all disabled, elderly, and electronically challenged people throughout all of Oregon.

I rely on my siblings to keep me politically informed and bring things to me that are of importance.

I ask that you vote no on SB761.

Thank you for your time,

Marfa Sharabarin
