

I am writing to you in opposition of SB 761. I am beginning to feel like I am living in a parallel universe. How in the world could a bill like this come about? Don't we live in a democratic society where your job is to work for the people? How is it that a bill that would take away our voice ever be ok. Please honor your Oath of Office and protect our Rights.

Sincerely,

Marcy Godesa
Beaverton, OR
