

Please vote to bring the National Popular Vote bill (SB870) to the floor of the Oregon House of Representatives at your meeting on May 20. It is very important that this country move to a popular vote for president of the United States so that our federal government can better balance the needs and opinions of our entire population. Every vote for president will count equally, and the winner will be the candidate who receives the majority of votes.

Protections for states with small populations are still built into the structure of Congress.

Oregon can be among the states leading us to a fair presidential vote in the 2020 election.
