Subject: Oppose SB761

Dear Chair Burdick and Committee,

I have asked my daughter to write on my behalf opposing SB 761. I rely on my children that are experienced with technology to help me with information and this would strongly hinder the voice of those that don't have the means and access to technology. I feel like my friends and I who rely on our children to keep us updated are being discriminated against.

Please oppose SB761

Thank you for your time,

Anastasia Avgi  
Woodburn, OR
