DUTIES AND AUTHORITY: ORS 414.688-414.698

- The Commission shall select a chairperson and a vice chairperson, for terms and with duties and powers the commission determines necessary for the performance of the functions of the offices.
- The Commission shall meet at least four times per year at a place and time determined by the chairperson.
- The Commission may use advisory committees or subcommittees whose members are appointed by the chairperson, subject to approval by a majority of the members.
 - The conditions of service of the advisory committees or subcommittees will be determined by the chairperson and a majority of the members.

- The Commission shall regularly and actively solicit testimony and information from the public, stakeholders representing consumers, advocates, providers, carriers and employers in conducting the work of the Commission and guiding health resource allocation decisions.
- The Commission shall develop and maintain a list of health services ranked by priority representing the comparative benefits of each service to the population to be served. The list must be submitted by the commission to the Oregon Health Authority by July 1 of each even-numbered year and is not subject to alteration by any other state agency.
 - The prioritized list of services remains in effect for a two-year period beginning no earlier than October 1 of each odd-numbered year; and
 - The Commission may include clinical practice guidelines in its prioritized list of services and statements of intent in its prioritized list of services.
- The Commission shall report during each regular session of the Legislative Assembly and shall submit a copy of its report to the Governor, the Speaker of the House of Representatives and the President of the Senate.
- The Commission may alter the list of health services during the interim only as follows:
 - To make technical changes to correct errors and omissions;
 - To accommodate changes due to advancements in medical technology or new data regarding health outcomes;
 - To accommodate changes to clinical practice guidelines; and
 - To add statements of intent that clarify the prioritized list.
- If a service is deleted or added during an interim and no new funding is required, the Commission shall report to the Speaker of the House of Representatives and the President of the Senate. However, if a service to be added requires increased funding to avoid discontinuing another service, the Commission shall report to the Emergency Board to request the funding.
- The Commission shall develop a medical technology assessment process. The Oregon Health Authority shall direct the commission regarding medical technologies to be assessed and the timing of the assessments.
 - The Commission shall appoint and work with an advisory committee whose members have the appropriate expertise to conduct a medical technology assessment.
 - The Commission shall present its preliminary findings at a public hearing and shall solicit testimony and information from health care consumers.
 - The Commission shall give strong consideration to the recommendations of the advisory committee and public testimony in developing its assessment.
- All findings and conclusions, interviews, reports, studies, communications and statements procured by or furnished to the commission in connection with obtaining the data necessary to perform its functions is confidential pursuant to ORS 192.338, 192.345 and 192.355.
- The Commission shall conduct comparative effectiveness research of medical technologies.
 - The Commission may conduct the research by comprehensive review of the comparative effectiveness research undertaken by recognized state, national or international entities;
 - The Commission may consider evidence relating to prescription drugs that is relevant to a medical technology assessment but may not conduct a drug class evidence review or medical technology assessment solely of a prescription drug; and
 - The Commission shall disseminate the research findings to health care consumers, providers and third-party payers and to other interested stakeholders.
- The Commission shall develop or identify and shall disseminate evidence-based health care guidelines for use by providers, consumers and purchasers of health care in Oregon.
