

To Hon. Lt. Gov. Concern: May 30, 2019

My friend Maria Joss has submitted a bill to Governor Sollman.

I suggest that this bill be reviewed & implemented by our State Government because this bill has tremendous merit especially in providing Senior Citizens & those most vulnerable in Oregon to be able to keep more of their hard-earned dollars rather than being required to pay fees for items not limited to Paper Statements because

some people don't have the ability or funds to have their own, private internet & computer access.

Thank you for your attention to this matter. I hope our State Government will be mindful that people on fixed incomes &/or limited funds find such fees a burden... an unnecessary burden.

Thank you
