

Sustainable Northwest

Pioneering natural resource solutions that work for people and nature

Oregon's Community Solar Program

June 2019
Bridget Callahan

Advancing Equitable Energy

Shared Solar Solutions

- Energy relief for low-income customers, rural populations
- Grow strong, clean energy economies
- Create community partnerships

Thank you!

- Can developers build competitive projects?
 - Build cost needs to be below \$1.20/W-DC to be cost effective
- Will subscribers save money?
 - Subscribers all-in cost (including management fees and utility charges) must be below 10c/kWh
- Does location matter?
 - Ideally, locate panels in sunnier parts of the state
- Are grants available?
 - We don't know yet
- How will the 10% low-income subscriber carve out work?
 - We don't know yet

Modeled relationship between build cost and the cost of electricity (PPA Year 1 rate)
