I oppose HB2001 because its sole purpose is to feed the greed of the developers and the real estate industry. It allows developers to tear down affordable housing and build 2-4plexes that are not affordable for the low income and middle class. It displaces the poor and middleclass, doesn't mandate affordability. It doesn't support affordability. Also, it's bad for the environment, destroying trees and tearing down homes isn't green, it promotes the destruction of our canopy. Please do what's right when it comes to ALL the citizens of this city. Do what's right, not what the developers pay you to do.

Thank you, Melissa Mills
