Subject: Gas leaf blower ban
Date: Saturday, June 15, 2019 10:50:00 AM

Two-cycle gas leaf blowers cause environmental and public health problems. There is noise pollution and toxic exhaust that sickens people and sickens our environment. The operation gas leaf blowers damages our quality of life and our peace of mind.

Please represent me and so many others with your support of HB3350.

Thank you
