RE: Support **House Bill 3035 A**

HB 3035 A Protects Oregon's fish and Wild life resources by targeting egregious wildlife poachers. These poachers are knowingly stealing the State of Oregon's valuable wildlife. In recent years, millions of dollars worth of fish and wildlife have been lost to these large scale poaching operations

This bill only applies to repeat violators; poachers that sell or attempt to sell wildlife; taking of fish and wildlife listed under the State and Federal Endangered Species Act; and moose, mountain sheep, Rocky Mountain goat, white sturgeon, or wolf.

The Alsea Sportsman's Association is an Alsea River advocacy group. We are dedicated to promoting conservation and enhancement of the outdoor experience on the Alsea River.

Chuck Pavlik, President
Alsea Sportsman's Association.
