BACKGROUND:

In 2012, the legislature passed House Bill 4063, to require certain professional licensing entities to accept an applicant's substantially similar military training or experience in lieu of the education or experience required to be licensed. This measure was followed by House Bill 2037 in 2013, to similarly expedite the issuance of professional licensing or certification for service members' spouses and domestic partners. Then in 2014, House Bill 4057 was enacted to compel regulatory and licensing bodies, impacted by the previous two measures, to report to the Legislative Assembly on implementation by October 1, 2014.

Senate Bill 688 goes a step further, to permit licensing boards to accept a service member's spouse's out-of-state professional certification while the service member is stationed in Oregon.
