BACKGROUND:

Senate Bill 970-A touches on a number of landlord/tenant issues, all but one of which concern transactions to buy and sell manufactured and floating homes situated on a rented space or in a slip, in a manufactured home park or marina (defined and referred to as *facilities*).

When evaluating applicants, all residential landlords are currently allowed to consider whether the applicant has committed certain crimes. Senate Bill 970-A excludes prior convictions solely for minor recreational use or possession of marijuana and also prohibits landlords from considering an applicant's status as a medical marijuana patient.

Facility landlords (manufactured home park and marina landlords) are currently prohibited from requiring prospective tenants to purchase their home from a particular dealer, and likewise, dealers cannot require purchasers to rent space from a particular facility. Senate Bill 970-A creates an exception to allow a manufactured dwelling or floating home dealer, who is also a facility landlord, to require prospective purchasers to rent space in the landlord's facility as a condition of sale.

SB 970 A STAFF MEASURE SUMMARY

Senate Bill 970-A also: prohibits facility landlords from interfering with a tenant's choice of real estate agent or licensed dealer to facilitate the sale or lawful sublease of the tenant's home; requires that tenants be allowed to sublet their home while it is being marketed for sale, if the facility landlord does the same; and requires facility landlords to provide applicants, tenants and prospective buyers with information regarding the rights and duties of landlords and tenants when a manufactured or floating home is being sold.

Finally, current law provides for recovery of damages or a civil penalty, whichever is greater, in the following amounts for the following violations: \$200 for violations of statutes governing unreasonable rental conditions, nonpayment of facility space rent, the sale of a manufactured or floating home, and retaliatory conduct by a facility landlord; and \$500 for the third and any subsequent violations in a two-year period, of statutes governing the sale of a manufactured or floating home. Senate Bill 970-A increases the penalty amounts to \$500 and \$1,000, respectively.
