

## HB 3278 STAFF MEASURE SUMMARY

### House Committee On Health Care

---

**Action Date:** 04/02/19

**Action:** Without recommendation as to passage, refer to Revenue by prior reference.

**Vote:** 10-0-1-0

**Yeas:** 10 - Alonso Leon, Boles, Drazan, Greenlick, Hayden, Mitchell, Noble, Nosse, Prusak, Salinas

**Exc:** 1 - Keny-Guyer

**Fiscal:** Fiscal impact issued

**Revenue:** Revenue impact issued

**Prepared By:** Oliver Droppers, LPRO Analyst

**Meeting Dates:** 4/2

---

#### **WHAT THE MEASURE DOES:**

Allows additional weight for purpose of State School Fund distributions for students in drug or alcohol treatment programs that meet certain requirements. Declares emergency, effective July 1, 2019.

#### **ISSUES DISCUSSED:**

- Provisions of the measure for the purpose of referral to another committee

#### **EFFECT OF AMENDMENT:**

No amendment.

#### **BACKGROUND:**

According to the Legislative Revenue Office, the Legislative Assembly allocates money to the State School Fund (SSF) primarily from the state General Fund and lottery revenue for distribution to both school districts and Education Service Districts (ESDs). School districts receive a percentage of the sum of: (1) State School Fund dollars available to schools and ESDs, (2) school district local revenue, and (3) ESD local revenue included in the formula. The share of the State School Fund for school districts is the percentage number less school district local revenue. The State School Fund grant to an individual school district is its equalization formula revenue less its local revenue. If local revenue is more than the equalization formula amount, then the district does not receive a state school fund grant, instead it keeps local revenue in excess of its formula amount.

House Bill 3278 modifies the revenue formula for the State School Fund by incorporating additional weight for students in drug or alcohol treatment programs.
