(9) An individual, firm, partnership or corporation offering to practice engineering, land surveying or photogrammetric mapping if:

(a) The individual, firm, partnership or corporation holds a certificate of registration to engage in the practice of professional engineering, land surveying or photogrammetric mapping issued by the proper authority of any other state, a territory or possession of the United States, or a foreign country; and

(b) The offer includes a written statement that the offeror is not registered to practice engineering, land surveying or photogrammetric mapping in the State of Oregon, but will comply with ORS 672.002 to 672.325 by having an individual holding a valid certificate of registration in this state in responsible charge of the work prior to performing any engineering, land surveying or photogrammetric mapping work within this state.

(10) A person making plans or specifications for, or supervising the erection, enlargement or alteration of, a building, or an appurtenance thereto, if the building is to be used for a single family residential dwelling or farm building or is a structure used in connection with or auxiliary to a single family residential dwelling or farm building, including but not limited to a three-car garage, barn or shed or a shelter used for the housing of domestic animals or livestock. The exemption in this subsection does not apply to a registered professional engineer.

(11) A person making plans or specifications for, or supervising the erection, enlargement or alteration of, a building, or an appurtenance thereto, if the building has a ground area of 4,000

square feet or less and is not more than 20 feet in height from the top surface of lowest flooring to the highest interior overhead finish of the structure. The exemption in this subsection does not apply to a registered professional engineer.

(12) A construction contractor licensed under ORS chapter 701 that offers services constituting the practice of engineering if:

(a) The services are appurtenant to construction services to be provided by the contractor;

(b) The services constituting the practice of engineering are performed by an engineer or engineers registered under ORS 672.002 to 672.325; and

(c) The offer by the construction contractor discloses in writing that the contractor is not an engineer and identifies the engineer or engineers that will perform the services constituting the practice of engineering.

(13) A person transcribing existing georeferenced data into a Geographic Information System or Land Information System format by manual or electronic means, and the maintenance of that data, if the data are clearly not intended to indicate the authoritative location of property boundaries, the precise shape or contour of the earth or the precise location of fixed works of humans.

(14) A person carrying out activities under ORS 306.125 or 308.245. This exemption applies to the transcription of tax maps, zoning maps and other public data records into Geographic Information System or Land Information System formatted cadastre and the maintenance of those cadastre, if:

(a) The data are not modified for other than graphical purposes; and

(b) The data are clearly not intended to authoritatively represent property boundaries.

(15) A person preparing maps or compiling databases depicting the distribution of natural or cultural resources, features or phenomena, if the maps or data are not intended to indicate the authoritative location of property boundaries, the precise shape or contour of the earth or the precise location of fixed works by humans.

(16) A federal agency or its contractors, in the preparation of military maps, quadrangle topographic maps, satellite imagery or other maps or images that do not define real property boundaries.

(17) A federal agency or its contractors, in the preparation or transcription of documents or databases into a Geographical Information System or Land Information System format, including but not limited to the preparation or transcription of federal census and other demographic data.

(18) A law enforcement agency or its contractors, in the preparation of documents or maps for traffic accidents, crime scenes or similar purposes depicting physical features or events or generating or using georeferenced data involving crime statistics or criminal activities.

(19) A peace officer, as defined in ORS 161.015, or a fire service professional, as defined in ORS 181A.355, conducting, reporting on or testifying about or otherwise performing duties regarding an official investigation.

(20) A person creating general maps prepared for private firms or governmental agencies:
