

Good morning to the legislature, I'm writing to you to ask you to not pass HB 4005. This bill is a direct infringement on the U.S. constitution and will make criminals out of law abiding citizens. Perhaps a solution to gun crime problems would be to concentrate on actual criminals instead of the the law abiding people of this great state and country. Please have another look at the United States Constitution in it's entirety and specifically The Bill of Rights. In my opinion HB 4005 is a direct infringement on nearly all of the Amendments in the original ratified Bill of Rights.

Thank you for all you do.

Sincerely, Jared Pero.
