I wish to make my vote heard. This bill should be put to the voters. It will dramatically impact every Oregonian if passed. I am NOT in favor of passing SB 1530 and would like to see it buried for good. The Oregon GOP did the only thing they could to stop the supermajority from jamming this terrible bill down Oregon citizens throats during the last session. The Democrats in Salem know that Oregonians are not in favor of this bill.

Shut this bill down please!
