

To Whom it May Concern-

I am writing in support of HB 4107 both as a leader of an organization called We Can Do Better that understands how racism and discrimination cause health disparities and as a mother of a young black woman.

It is important that Oregon is a safe community for all of us. We shouldn't need bills like the CROWN Act but the reality is we do because Anti-Black discrimination continues to be pervasive. My child has experienced it in the school system in Eugene and the staff have yet been trained how to handle it appropriately.

Whether in an Afro on a visit to the capital with me or in colorful braids meeting a NASA astronaut, my daughter should know that she has the right to wear her hair in any style she chooses for her future school, work or play. Please support HB 4107!

Respectfully, Amy Fellows
