

Clean Water Loan program in Oregon

The House Committee on Water
Oregon Legislature

Regarding HB 4070, relating to on-site septic system financing

February 4, 2020

#1

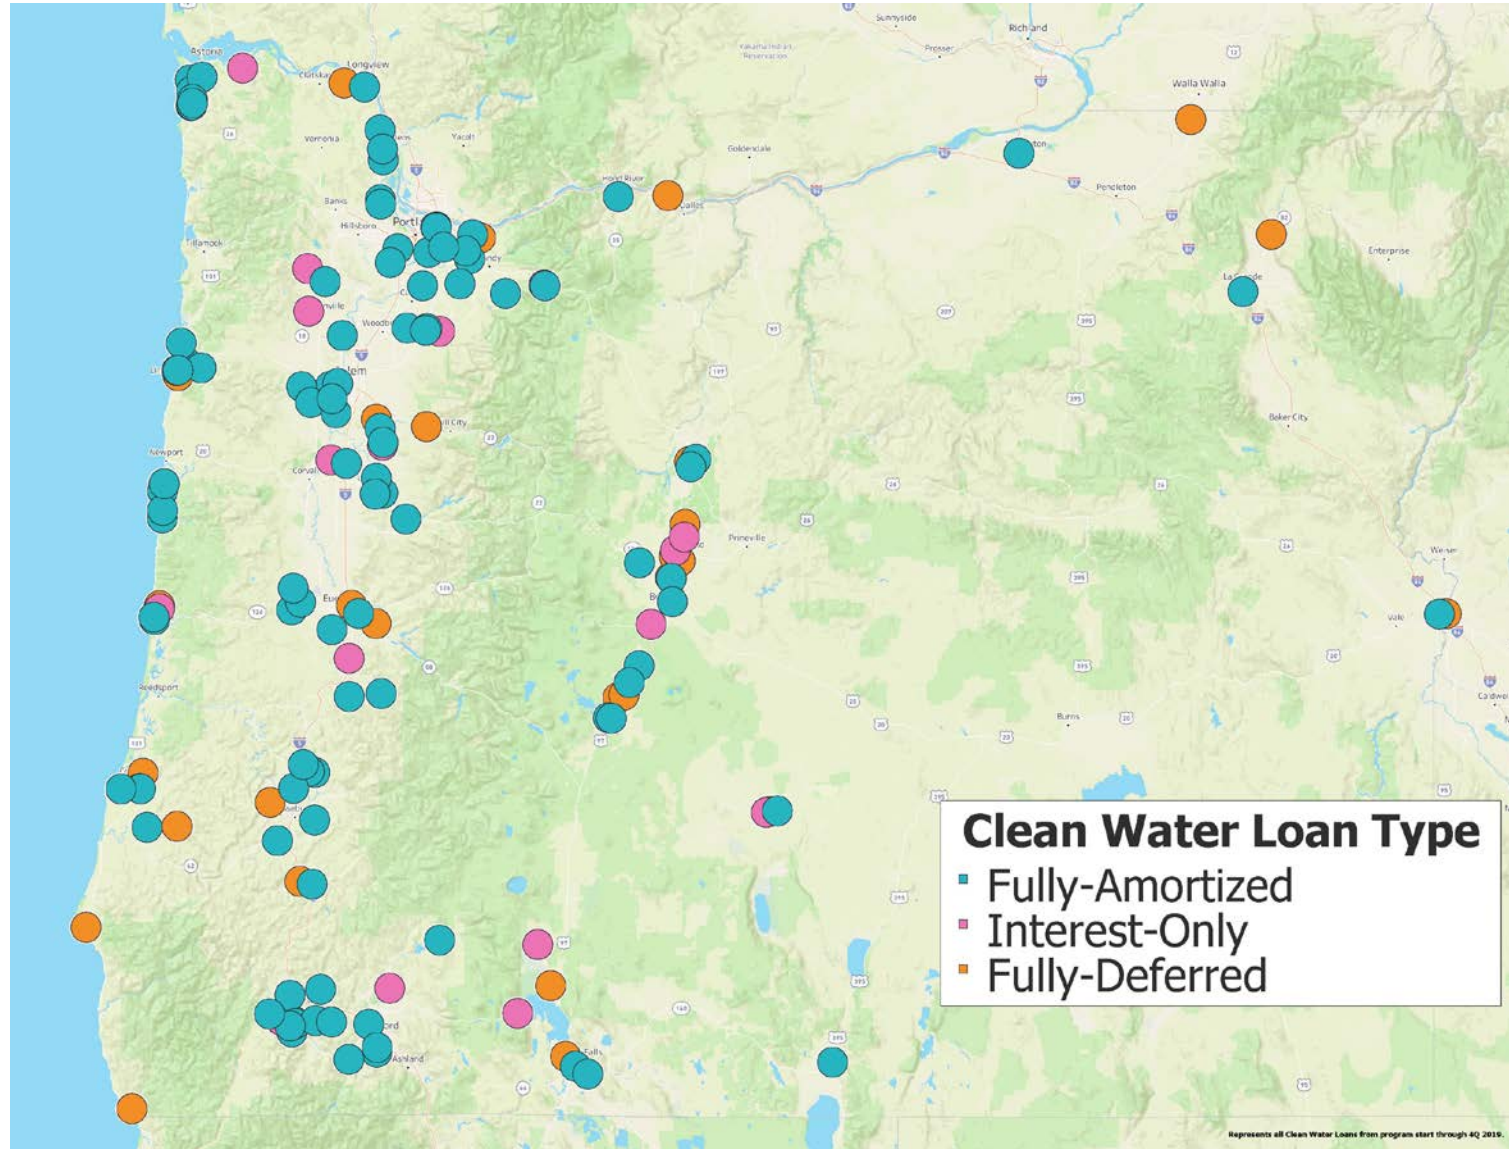

"I don't know what I would have done without the Craft3 loan. I live in a small cabin and the situation got so bad that I had no shower, I was taking hand baths, the kitchen backed up into the shower. There was so much going on financially at the time, Craft3 and this program was a lifesaver. I feel that God placed Craft3 in front of me and that is a real blessing, not just for me, for our entire Oregon family. I am grateful to Craft3 and the program."

Borrower, loan closed in December 2019
