#### **BACKGROUND:**

Senate Bill 1041 (2019) granted the Oregon Health Authority (OHA) powers to regulate financial condition of coordinated care organizations that align with powers of Department of Consumer and Business Services to regulate domestic insurers. The bill also required required OHA to convene advisory group consisting of coordinated care organization representatives to recommend standards for reconciling differences in reporting needed by authority and reporting required under National Association of Insurance Commissioners' standards and required OHA to make easily accessible on website and report to Legislative Assembly, specified financial information regarding coordinated care organizations and reports submitted to authority by coordinated care organizations beginning with information from 2020.

Senate Bill 770 (2019) established the Task Force on Universal Health Care charged with recommending to Legislative Assembly design of Health Care for All Oregon Plan, administered by Health Care for All Oregon Board to provide publicly funded, equitable, affordable, comprehensive and high quality health care to all Oregon residents.

Senate Bill 1551 clarifies reporting expectations and timelines for both Senate Bill 1041 and Senate Bill 770.
