Subject: I Support Strong Climate Action
Date: Tuesday, February 4, 2020 10:33:12 AM

I am a voter in your district, and **doing something about the global warning is my number one priority**. Oregon is a contributor to this climate crisis. (And YES, it is a CRISIS.)

Our state lawmakers are working on a climate bill that will be ready for a vote next month. I expect you to promote and vote for meaningful climate action that:

- Doesn't pay polluters to do continue polluting.
- Doesn't let oil companies continue polluting anywhere in Oregon.
- Allots guaranteed investments to help those in Oregon most affected by climate change.

The latest Senate proposal still needs important changes to meet these goals.
