EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

The Co-Located Advocates Program was founded in 2010 within the Department of Human Services and serves survivor parents of domestic violence who have children. Staff spend part of their time in a DHS office (partnering with DHS) and part of their time in a community-based domestic violence organization. In 2019, statewide expansion occurred at the same funding level, resulting in reduction of funding for 19 counties during the expansion.

HB 4133 appropriates funding to DHS for statewide staffing of co-located advocates.
