

HB4005 is unconstitutional and goes against our second amendment. Putting such ludicrous regulations on law-abiding citizens is going to cause an uproar and sanction cities if bills like this continue . Oregonians are getting fed up with Kate Brown ignoring the votes of our State and passing bills that we want nothing to do with. This new bill just adds to it. I pray that Kate gets impeached ASAP and that the Oregon government mind their own business and stop imposing socialism into our country by passing bills like this and more.
