

Any REASONABLE person be it private citizen or legislator would know that this bill is flawed and unconstitutional! What good is a home protection weapon if it is locked up....it's useless! How am I or my wife supposed to protect ourselves in our own home. We are law abiding citizens! This makes no sense!

If I park my car in my driveway and leave the keys in it and someone steals it and runs over someone and kills them, I am not criminally guilty of ANYTHING. The same goes for an unlocked baseball bat, a garden shovel, a fish fillet knife, or a 2x4, the list goes on and on.

This bill is flawed and unconstitutional.
