

To whom it may concern,

As I'm sure you are well aware this bill does nothing to create a safer Oregon. In fact it does just the opposite. Not only does this bill put my family and I at a greater risk it violates my constitutional rights as an American citizen. It is also crazy to think that Democrats want to make law abiding citizens guilty if they are the victim of a crime, burglary in this case, that doesn't even register on the meter of common sense. These kinds of laws are a feeble attempt at making gun ownership too burdensome. Please do not infringe upon our constitutional rights. Let's get Oregon back on the RIGHT path.

Marty
