I will continue to write and express my extreme opposition to this and all bills that continue to tax the people of Oregon under false pretenses.

I have worked my entire life to support and raise my family solely on Timber/Trucking dollars and this bill will DEVASTATE my business of 43 years.

I am hopeful that you all will look outside your windows on Feb 6th, 2020 and see how many of us Oregonians are out showing our Opposition

VOTE NO ON SB1530
