

I hope you can see the craziness of this bill and vote to stop it. This does nothing to protect anybody but criminals and puts so many lives at stake. Not having the ability to protect my family, or to defend myself if needed without fear of going to jail for being a legal gun owner is just out of line.

I don't understand how you can hold someone responsible for the actions of others when you have followed the law concerning transfer of gun ownership. How does this save lives?? How does chastising legal gun owners stop the criminals from committing crimes using guns. Please vote to stop this bill.. Don't infringe on my rights as a legal gun owner from protecting what I have legal right to protect..
