

Friends:

I oppose SB 1501 that would permit students participating in intercollegiate sports to earn compensation for certain services and for name, image or likeness and to retain professional representation or athlete agent. We have professional sports leagues that they can play for and receive money – college should 1st be about education not sports. Athletes receive compensation in the form of scholarships, and many other benefits from playing – tutoring, travel, etc. I think it would just create many more issues than solve one.

Sincerely,

Vicki Murray
