

I as a native Oregonian ,born and raised am appalled by the idea of any legislation that restricts my freedoms,rights and liberty's endowed by the creator and guaranteed by the constitutions.

Section 27 Oregon Constitution

The people shall have the right to bear arms for the defence of themselves, and the State, but the Military shall be kept in strict subordination to the civil power.

Article [II] Amendment 2 -

A well regulated Militia, being necessary to the security of a free State, **the right of the people to keep and bear Arms, shall not be infringed.**

Any and all Infringment is unlawful, is void and an attack on the people of the said state of Oregon. Actions by government in violation to the constitutions breeds contempt for the law, not safety for the Citizenry . Let's not forget the words “Deriving their **just powers** from the consent of the governed” – The **powers of government** to secure the Creator-given inalienable rights must be **just**, and they come from the consent of the people. Again the government gets it's **just powers** borrowed from the people outlined in the constitutions, **not unjust power.**

“To secure these rights, governments are instituted among men” Thus, we come to the purpose of government – to secure or protect those Creator-given rights. “Endowed by our Creator with certain inalienable rights” –

“To secure these rights, governments are instituted among men” – Thus, we come to the purpose of government – to secure or protect those Creator-given rights. worth and our ‘rights’ come from our Creator – not from government, further establishing the foundational nature of the rights. Those rights cannot be taken away; they are inalienable, and they belong to each individual, not to a group or category of individuals, but to each man and woman.

Attempting to alienate the people from there creator given rights by legislation or any other means is unlawful and unjust, **I do not consent. All laws repugnant the constitution are void.** Honor your oath to the constitutions.

P.s. directing people to what A writ of mandamus and declaratory judgment are as well as tort notice .

Blessings ,

Jacob
