

I can't for the life of me understand why you keep wanting to take away our Constitutional rights as Americans?? I know why, should I say it here?? Probably not. What I can't understand is what pertains to the 2nd amendment of the of the Constitution. What part of Shall Not be Infringed do you not understand?? Do you need an education from us, We The People on the Constitution?? One would hope not. I think it's time to stop all of this Socialist tom foolery and get down to business that We The People elected you to do. See you February 6th with Timberunity; Sincerely Steve Pugh. PS One of many.
