

HB 4105 STAFF MEASURE SUMMARY

House Committee On Energy and Environment

Prepared By: Beth Reiley, LPRO Analyst

Meeting Dates: 2/11

WHAT THE MEASURE DOES:

Prohibits state agencies from authorizing the construction of new infrastructure on state-owned real property as specified, in the interest of oil or gas.

Requires facilities that unload oil or gas from railcars to notify the Department of Transportation of the volume, type and vapor pressure, no later than 14 days in advance of the facility's receipt of each shipment. Requires ODOT, in turn, to inform the State Fire Marshal. Authorizes ODOT to impose maximum penalty of \$2,500 per day for violations and to conduct necessary rulemaking.

Requires ODOT to notify the Legislature at the end of the first calendar year during which the volume of oil and gas transported by rail exceeds 105 percent of the volume transported in 2018. Prohibits the loading or unloading of oil or gas from railcars with vapor pressure of nine pounds per square inch or more, three years after the start of the calendar year that first exceeds 105 percent of the volume transported in 2018, and authorizes maximum penalty of \$2,500 per day for violations of same.
