Subject: Rob Fullmer testimony in favor of SB 1530
Date: Friday, February 7, 2020 8:13:26 PM

Chair Dembrow & Vice Chair Olsen,

I am writing to urge you to pass the strongest possible version of the clean energy jobs bill. Given the dynamics of the legislature and under current quorum rules, compromise is a necessity where possible, but with the central tenet of the legislation intact - polluters pay.

Children deserve a future in a world that's hospitable to human life. Please get SB 1530 done this short session, we need decisive climate action now.

Thank you,
Rob Fullmer
Portland, OR
