Subject: Oppose Costly Cap-and-Trade in SB 1530
Date: Saturday, February 8, 2020 9:20:06 AM

Dear Chair Dembrow,

As a cranberry farmer in Curry County, I am opposed to SB 1530. The cost is simply too high and we do not need additional taxing! Also please consider the fact that most farmers are VERY concerned and conscientious about their impact on the environment and are sequestering carbon as the grow plants and maintain green space.

Sincerely,

Sara Osborne
