

House Committee on Human Services and Housing Oregon State Legislature 900 Court Street NE Salem, OR 97301

Dear Chair Keny-Guyer, Vice-Chair Noble, Vice-Chair Williams, and Members of the Committee:

I am writing to you today on behalf of the Oregon Housing Alliance to express our support for HB 4084, which will create a fund to help pay for System Development Charges in rural communities.

The Oregon Housing Alliance is a coalition of ninety organizations from all parts of the state. Our members have come together with the knowledge that housing opportunity is the foundation on which all of our success is built – individual success as students, parents, workers, and community members as well as the success of our communities. We represent a diverse set of voices including non-profit housing developers, residents of affordable housing, local jurisdictions, and organizations working to meet basic needs in every corner of our state. We believe that all Oregonians need a safe, stable, and affordable place to call home.

All Oregonians deserve a safe, stable, and affordable place to call home. Today, we simply don't have enough affordable homes for people who need them, and vacancy rates have dropped precipitously towards zero in communities across Oregon. People – our neighbors and members of our community – are struggling with homelessness, housing instability, rent burdens, and to make ends meet and put food on the table.

Today, we have qualified and experienced affordable housing developers who are working across Oregon to build more safe, stable, and affordable homes for Oregonians with low incomes. They are putting together complicated financial affordable housing developments, that may include five or more funding sources from local, state, and federal sources, and include grants, loans, and tax credits.

System Development Charges are one cost that projects must find funding for. System Development Charges, or SDCs ensure that infrastructure is built in our communities, including water, sewer, electricity, roads, and more. In some larger communities, they have adopted policies which fund SDCs specifically for affordable housing. However, in smaller rural communities they are unable to offset SDCs, meaning developers must find these funds from another source. HB 4084 allocates \$750,000 to Oregon Housing and Community Services to provide funding for SDCs in rural communities. The definition of 'rural' in the bill aligns with an existing state program which funds the development of affordable housing in rural communities. We know this fund will help ensure more affordable homes are built in small rural communities across Oregon.

We urge your support of HB 4084.

Thank you very much for your time, and for your service to our state.

Sincerely,

alisa nicht
