

Documented killing contests in Oregon underscore the role that cash and prizes play in motivation to kill the most or heaviest of coyotes within a specific time frame. Coyote killing contests violate the ethics of fair chase hunting, are out of step with modern, science-based wildlife management, and do not reflect the humane values of Oregonians. Advice from a Raindrop

You think you're too small
to make a difference? Tell me
about it. You think you're
helpless, at the mercy of forces
beyond your control? Been there.

Think you're doomed to disappear,
just one small voice among millions?
That's no weakness, trust me. That's
your wild card, your trick, your
implement. They won't see you coming

until you're there, in their faces, shining,
festive, expendable, eternal. Sure you're
small, just one small part of a storm that
changes everything. That's how you win,
my friend, again and again and again.
