All meeting materials, including your name and any personal information contained in the submitted documents, are posted to the Oregon Legislative Information System (OLIS) and are accessible to all major search engines, including Google, Bing, and Yahoo.

Dear House Health Care Committee,

This bill has been years the making, evolving into the present HJR 202. It seems obvious that universal health care in the U.S. will have to be established by a state, states, or a region.

Let Oregonian voters decide if health care is a right, sending a message to the Universal Health Care Task Force that we look to them to put the plan together, coordinate with the federal government, and design funding to make it happen (without robbing Peter to pay Paul).

This is a Joint Resolution allowing voters to send a message. It's time to pass this bill.

Thank you.

Bill Walsh
Eagle Point, Oregon
